Oakview Perkin Triple R

Simmental Bull Sale

2:00 PM • March 16, 2019

Welcome from Transcon

Welcome to the 2019 Oakview/Perkin/Triple R Bull Sale...

On offer will be approximately 90 bulls for your appraisal. The bulls come from approx. 400 momma cows and are some of the best genetics the Simmental industry has to offer. When you look at the set of bulls on offer you will see how well the 3 breeding operations MESH together and are able to put together a set of Bulls of such high quality and consistency.

Cow families and going out and sourcing and investing in herdsires that produce what the cattle industry wants is high priority here. Many miles are put on and endless phone calls are made to accomplish this goal.

As I toured through the individual bull pens in early January, I was amazed at how different each breeders genetics really were. Yet they maintain a similar look in their cattle. Bulls that are soggy made, loose hided, big middled and very structurally sound. Another main goal in common is to produce functional type cattle for you the buyers. Cattle that will go on and work for years on down the road.

Whether its Reds, Blacks or Fullbloods ... Power Bulls to Calving Ease Bulls this offering has it all !!!! There will be a bull here even for the most stringent and scrutinizing cattlemen and cattlemen

Please join us Saturday March 16th in Brandon at the beautiful Keystone Center. In the event you are unable to attend the sale but would like to purchase or have our appraisal on the bulls, give us a call and use our highly trusted and confidential order buying service.

See Ya Sale Day...

Semen

Oakview Simmentals, Triple R Simmentals and Perkin Land & Cattle Co. reserve the right to collect semen on any bull sold through this sale for in herd use only. This semen will be collected at the buyers convenience and seller's expense.

American Purchases

Our sales are conducted in Canadian funds. The US exchange rate will be available at the settlement desk. Upon successful purchase of an animal, the consignors will assist with the necessary documentation, health exams, brokerage and US custom charges necessary to export your animal to the US. An additional fee of \$300 USD per animal will be charged for this service, and is due at time of settlement. Trucking is not included in this amount.

Visa or MasterCard Payments

There is a 3% administration fee on all Visa or MasterCard purchases applied to the buyer's invoice.

Bring your trailer and take your purchases home sale day and take \$75 off your total purchase.

TRIPLE R SIMMENTALS

Rick Dequier • Roland & Yvonne Dequier
Darrell, Jacqueline Warkentin • Janessa Warkentin
 Carman, MB • 204-771-0280

Hello and welcome to the 2019 OPT bull sale! Another year has passed but our commitment to improve and grow hasn't wavered. We are constantly looking to improve which in turn benefits not only our operation but our customers. We would like to thank everyone who has shown interest in our program in the past. Nothing is more gratifying than having positive feedback and results from a customer.

We are extremely proud and happy with this year's offering. Solid group from front to back covering all the bases from calving ease, maternal, and performance bulls. Our black pen will be a little smaller in numbers but very deep in quality. Riddler has worked very well for us and we have two real good sons in the sale. The black Harvie Red Summit son will be popular as will the outstanding Live Ammo blazed face calf. We have a larger set of heifer bulls for your appraisal this year as it seemed every 1st calf heifer had a bull calf last spring. Really happy with the Harvie Red Summit progeny as you will witness while touring our pens. Last but not least will be a couple big powerful performance red bulls by PWK Max Factor and Erixon Revelstock.

We look forward to meeting with past and new customers. We would love to see you before the sale and invite everyone to tour the pen before sale day. The Transcon crew have gone through the bulls thoroughly and can aid you with your bull purchase or contact us directly we'd love to talk to you about this year's offering.

Take care and see you March 16th.

-Rick Dequier

Something special here and without a doubt this big guy gets noticed! Big blazed face Live Ammo son with an outcross pedigree and plenty of performance. Huge nutted, deep sided and lots of spring of rib to go with a real quiet disposition. His dam came out of the PTSA sale where she was one of the high sellers that year. The grandmother, 5W is in the Silverlake flush program and is one of Clint's top cows. 28F will be one of the first Live Ammo calves to sell this spring and without a doubt one of the best.

A feature Riddler son with unmatched natural thickness, spring of rib and depth of body all in a moderate package. For the 4th consecutive year the 16A cow brings a ripper to town! She has never missed and is a beautiful dark red cow with a real good udder. She has sons working in purebred herds Kuntz Simmentals & Big Hills Simmentals and her 1st calf went to a good commercial herd Chandler Farms/Carberry. We have calved out Riddler females for 2 years now and they consistently bring in heavy calves. **Homo Polled • Hetero Black**

A powerful solid black Harvie Red Summit calf backed by one of the best cow families out of Ultra Livestock tracing back to the legendary Cassade herself. We showed 17C a few summer's ago and she captured a couple jackpots and was competitive all summer. She is extremely feminine, square topped and has a perfect udder. 6F is a calf I really like big boned, long bodied, deep sided and clean made. Adding the maternal strength of Red Summit makes this powerhouse a must see. **Homo Polled • Hetero Black • Gestation 289 Days**

A dark red Harvie Red Summit son out of a beautiful Dillinger 1st calf heifer. We used Red Summit not only for his calving ease but for his maternal strength and powerful cow family. 22F is extremely long, nice topped, and sweet fronted. We think this calf will be a calving ease specialist with Red Summit & Dillinger in his pedigree. Darren bought his dam for me at the 2017 Labatte bull sale where she was the high selling red heifer. She is dark cherry red and good uddered and did a great job on her 1st calf.

Welcome to the 3rd Annual Oakview Perkin Triple R Simmental Bull Sale.

Whether its Red, Black or Full Blood that you're looking for, we have you covered at this sale.

In this year's offering you are going to get a first hand look at the consistency in both our bull battery as well as our maternal strength. There are a total of 10 embryo Bulls out of 3 of our flush cows. These are top end cows that we are proud to own and excited to be able to share their progeny with you. The Raptor x Miss Perfect flush that we purchased from Gagnon's produced a pair of really flashy full fleck bulls to admire.

Current Affair and Outlaw continued to impress us with their consistency, depth of body and overall muscle shape they pass onto their calves. New to our offering are an exceptionally dark, deep flanked soggy made group of bulls from our newest herd sire Missoula.

We encourage and welcome all bull shoppers to stop by the farm to view the bulls, their moms and our herdsires. Bulls will also be available for viewing in Brandon on Thursday and Friday prior to the sale. Make sure to arrive early at the sale as Lunch will be served at 12:30.

- **Full Fleck**
- Freddy is packing some punch. He's out of our new herdsire "Circuit" from Ferme Gagnon who is backed by the great JB CDN Kananaskis cow.
- We feel the Circuit son's will add frame to their calves.
- His dam is a perfect uddered Evolution cow out of Danna's first Houston female. Krystal had a picture perfect udder even in her senior years.
- Maternal brother sold in last year's sale to Garth Jarvis.

2.1	5	63.5	96	31.8	1.7	63.6

- **Full Fleck • Non diluter** • They don't come any darker than this pair. • Their first calving dam is also out of the Pixie cow family, stamping her with that same ability to produce thick, sound, and stylish calves that we have come to expect from the Pixie females.
- Dixie was one of the few females that was off limits when selecting for the Pembina Triangle sale as a bred heifer, and she has lived up to be exactly what we thought she would be; a big powerful female with a great udder. Furthermore, you can't beat the pigment and colour she possesses and has passed on to these two.
- We typically don't keep a lot of twins as bulls but these two had that herdsire look at a young age and performed as well as their single counterparts.
- A bull does not have an influence on the twinning rate of the cows he breeds, that is determined by the cow ovulating 2 eggs, so just because these guys are twins they will not increase your twinning rate.
- OVS 20E is a little bit more moderate of a bull, whereas OVS 021E is the performance bull of the pair.

Homozygous polled • Full Fleck • Non diluter

- Here's a bull with a lot of check boxes ticked off. He can be used on black cows without fear of greys, and you'll never have to dehorn one of his calves.
- Early last spring at only a couple months of age he looked like a miniature mature bull. He has always had lots of muscle expression and overall thickness.

- **Homozygous polled**, the darkest of reds, with lots of hair.
- Sale feature type of bull. He's one of our favorites that is stylish and hard to fault.
- Findlay has tremendous spring of rib and overall thickness that flows into his deep set quarter.
- He is a smooth made bull with a wide top.
- His young Red Mountain dam has made quite the impression on us and we are excited about her future. Her first calf sold as Lot 4 in last Fall's Pembina Triangle Sale to Prairie Ridge Stock Farm. It looks like she is going to be a consistent producer of thick stylish calves.

80	872	1330	10	1.6	75.6	112.9	28.9	6.6	66.7

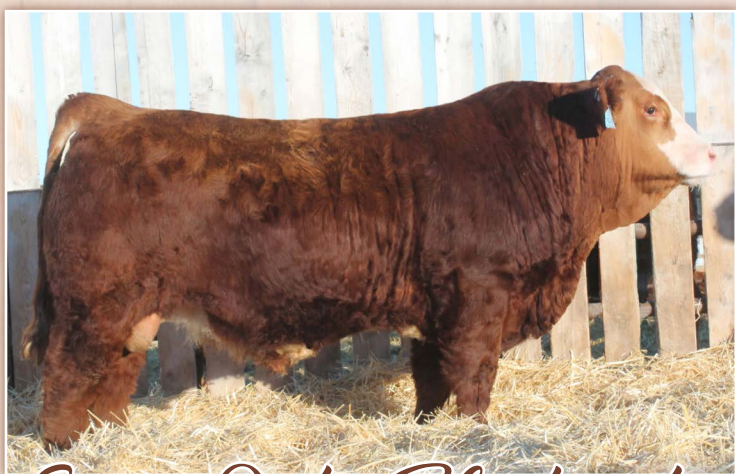

- Ferdinand was Brooke's 4-H heifer's calf and she showed the pair with great success last summer, winning Champion pair in our Club as well as Interclub and Champion 2 yr old at a couple of local fairs.
- This Red Mountain bull is a heifer bull prospect with a birth weight of 80 lbs coupled with his smooth made shoulder and small head.
- Ferdinand blends the calving ease of Red Mountain and Current Affair with the power behind the Bengie cow family into a moderate framed package that it packed with thickness.
- He has always deceived us with how heavy he was at each weigh in, he is as big though the barrel and quarter as he is tall.

KOP BENGIE 6P

Where do we start? Bengie has been a herd changing cow for our Red Program. In the short time that we have owned her she has added 17 females to our herd and we have sold 10 bulls with another 6 featured in the next few lots. She is a cow that crosses well with whatever bull we flush her to. Whether we have put calving ease or performance bulls into her we are always more than happy with the resulting embryo calves. The females in our herd are all great mothers that are continuing on Bengie's legacy of adding thickness to their calves and producing top end progeny. The bulls we have raised are very consistent. They are all stamped with the same extra length, natural thickness, deep set quarter and great hair. At 15 years of age Bengie still looks in her prime. She continues to carry tremendous thickness and stride out perfectly on great feet and legs. We feel very fortunate to own her and to be able to share her calves with our customers. Check out this solid group of six sons, you won't be disappointed.

108	831	1524	0.9	5.6	82.2	125.5	25.8	-2.1	66.9

- Leading off the "Bengie" bulls we picked this tremendous big blaze faced Super Duty son.
- Here is the performance bull that you have been looking for. He's freight train long with lots of middle.
- With EPDs in the top 5-10% of the breed for performance traits and the look to match, this is the kind of bull that will sire steers that push the scale down in the fall.
- This embryo was born unassisted a week overdue to a big recip cow that always keeps her calves growing a little extra long adding those last couple prenatal pounds.
- Flush mates to these two sold to Crestview Land & Cattle Co and Schultz Simmentals and Har-Wei Simmentals in 2016.

- **Homozygous polled**
- His dam is a flush mate to Lot 34, which adds performance and length of spine.
- Current Affair has perfect feet, that you'd swear have been trimmed, and he passes this on to his calves.
- Floyd is as quiet as they come, and due to his quiet nature was hard to get a great picture of. He has the same exceptional rib shape as Current Affair himself.
- The top on this bull is something that needs to be seen to believe. He is undoubtedly the best topped bull we have raised.

Welcome to the OPT Sale in its 3rd edition. Once again, I must thank everyone who took the time to come to our farm, to our sales or to bid on our cattle in the past year. It is with much appreciation that we thank our customer base who put their faith in the genetics we have to offer.

As for our 2019 bull sale, we are excited to offer 8 bulls from the Agribition Champion - Captain Scream. We invested in a semen package before Agribition when he was just a calf, but even then, he was an exceptional bull. He bred with tremendous consistency, a mark of a truly great breeding bull. The other large group of bulls are sired by our walking black blaze faced bull, Sunrise Captain Blaze 5C. He is proving to be a short gestation curve bending bull - a rare find. 90% of his calves have been less than 286 days, many much less. The bulls are hairy, deep sided, sound with large testicles. The remainder of our bulls are sired by proven industry leaders, such as 68oS, Red Summit, Kill Switch, LFE Commander, Hard Rock, El Tigre, High Voltage as well as our other walking bulls Hot Iron and Capone.

At PLCC, we have made a few changes to our bull development. We have made the bull development area much larger so the gentlemen get more exercise as well as feeding a TMR balanced ration.

We strive to meet our customer's needs in any way we can at PLCC. We stand behind our bulls 100% and will do our utmost to help a customer if there is ever a problem. We encourage you to come and have a look at the bulls at the farm anytime. We are very proud of the dams and feel the cows behind these bulls are as important as the bulls themselves. Feel free to call or email to discuss your breeding needs anytime. See you in Brandon at the Keystone Center on March 16, 2019.

Homo Polled

These first 5 Captain Scream sons each have something special to offer so I chose to feature all of them.

This red Scream son has had a proud bull look from birth. He was one of the heaviest muscled calves all summer long and has continued to be an attractive individual throughout the winter. He is square hipped and deep quartered and has that soggy Scream middle. His dam has a flawless milky udder with perfect teats as does her mother and grandmother. We have decided to flush this cow this spring....any guess what she might get flushed to first? Her first calf was a female that we sold in the Pembina Triangle sale to Ashworth Farm & Ranch, her second daughter we kept and this fine fellow is her third calf. If you need a red moderate bull with a top notch cow family behind him...take more than 1 or 2 looks at this guy.

Homo Polled

Again another Scream that screams herdbull when you look at him. He is hairy and loose made and has his sire's stamp. But what sets this guy apart is again, his mother. She adds an element of calving ease and an extra bit of maternal traits. As you can see, her pedigree is Beefmaker x Kosmo - 2 greats for calving ease and known for being cow makers. We have retained one daughter in our herd, sold one to Richard Unrau and sold 2 sons to Northern Paradise Ranch and Pat & Kelly Murphy.

Homo Polled

Check out the performance on this big red bull. He is a free moving, long spined bull and you really have to admire the mass this bull carries. Heaviest calf at weaning and went on to gain well over 4 lbs a day every day since that. His mother is a very moderate, tidy, hard working X-ception daughter - a bull that we raised that goes back to the Doll cow family. She has one of our highest Dam-Calf weaning ratios- his mother's efficiency in raising the good ones is what sets this guy up for success in the future.

Shared footnote with PLCC 610F
Homo Polled • Hetero Black

These 2 bulls are like peas in a pod as they are sons of 2 cows who are full siblings, so on paper their pedigrees will be identical. A bit of a twist....you might have a tough time finding a black Captain Scream son....hmm. These future breeding pieces are very structurally correct, hairy, muscular fellas.

This cow family started when we flushed Mader Blackgold 110S to Hard Rock and had 8 full sib females – we sold 2 and kept the other 6. These bulls are sons of 2 of these cows, the group is impressive. They have sold sons to Playgreen Farms, Scott Patterson, Robin Bodyn, Core Desrochers, Ty Dewitz, Doug Poschenreider, Ken Wright, Chris Tack and Bridgeway Livestock, as well as many daughters.

These bulls are no accident, this was a planned mating. Step up and take note of these 2 breeding bulls.

Homo Polled • Hetero Black This bull has been the performance bull of the entire group. He is smooth made, extremely long spined, he carries an excellent spring of rib and has big testicles. His weaning weight ranked 2nd out of 57 and he was the heaviest bull in his contemporary group for yearling weight. He has gained over 4lbs/day for every day of his life and his ADG since weaning is well over 4 lbs/day. His mother is a moderate beautiful Dr. Phil daughter that you have to admire. We think a lot of this Homo Polled prospect and are excited about his future.

Polled

- soggy made, heavy haired, low set Blaze son
- sold a son to Ron Gordon, Deloraine and retained a daughter in our herd.
- a real beef bull with very strong performance EPD's, gained 4.12 lbs/day since weaning

Homo Polled

This is the only El Tigre son in the sale. He is a real big hipped fella with a ton of eye appeal. He has very balanced EPD's for calving ease, birth weight and performance. His dam is a solid red, nice uddered cow with a sweet temperament and her average birth weight for her calves is 86 lbs – she is a proven short gestation cow. She sold a bred heifer at the Pembina Triangle to Labatte Simmentals that was a real beauty. If you have missed out on the El Tigre's in other years, here is your chance one more time.

Homo Polled • Hetero Black

Every year I have to breed a few cows to one of the greatest black bulls the Simmental breed has ever had – Wheatland Bull 680S. This year we have 3 sons that fall right in the 680S mold – tons of straight hair, big tops, soft sided and good testicle development. The dam of this bull is closely related to the dam of Lot 67 and is a beautiful uddered cow. This bull has a proud bull head and will stamp them with that look every time. Don't miss out on a chance to own a great one.

- Polled • Hetero Black** - very low birth weight Red Summit son
- the EPD's for this bull are off the chart - top 1% for calving ease, top 5% for birth weight, top 15% for weaning weight, top 10% for yearling weight and top 1% for maternal calving ease.
 - a real curve bender with a short gestation
 - dam was the high selling Riddler heifer from Ashworth's at Shades 2016
 - dam is a very milky, moderate framed cow - outcross pedigree for many herds

Homo Polled

A stand out Summit son with very balanced EPDs. He is moderate in his build, easy fleshing and long spined. He ranked first in his contemporary group for weaning weight and second in his group for yearling. His dam is one of our favorite up and coming Black Iron daughters. This bull has all the bells and whistles, don't miss a chance at a different pedigree and a great bull to boot. A young prospect with a herd bull look.

Homo Polled • Hetero Black

- very quiet temperament
- low birth weight Capone son
- excellent curve bending EPDs – top 10% for calving ease and top 25% for yearling weight
- ranked 4th in his contemporary group for yearling weight and gained 4.69 lbs/day since weaning
- dam was an embryo purchased at the Blacksands dispersal
- never hurts to have that maternal Joker in the pedigree

Homo Polled • Hetero Black

- youngest bull in the sale
- big topped, deep quarter, thick hair coat
- very good performance numbers, gained 4 lbs/day every day since weaning
- dam was purchased from Dana & Meagan Johns – her first calf sold to Al Cloet in last year's bull sale.
- dam's average birth weight is 93 lbs

PERKS

Polled • Hetero Black

- low 81 lbs birth weight
- heifer bull potential
- excellent BW to YW ratio
- ranked 3rd out of 57 calves for weaning weight
- true curve bending EPD's – top 20% for birth weight and calving ease, top 10% for weaning weight and top 20% for yearling weight.
- dam was purchased from East Poplar and is phenotypically ideal – her first calf was a top notch heifer who we sold to Darren Howden
- dam's average birth weight is 85 lbs

TERMS & CONDITIONS

TERMS - The terms of the sale are cash or cheque payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalogue is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Keltey Whelan Designs assume any responsibility if the information supplied is not accurate.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDER'S GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller. The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
